

# Azizbek Xasanov

AI & ML engineer

## Contact

93 356 2334

[azizbekxasanov921@gmail.com](mailto:azizbekxasanov921@gmail.com)

## Educational Background

### Bachelor of AI & Robotics

New Uzbekistan University

August 2024 - May 2028

## Work Experience

### Mutolaa, AI&ML developer

September 2024 — December 2024

- My project focused on developing retrieval-augmented generation (RAG) system.
- Worked with fairseq model for automatic data preparation for training TTS model.

### SATashkent, AI&ML developer

June 2025 — Present

- Worked on the adaptive testing system in order to enable the selection of set of question that enables the students to improve their skill and knowledge in a most efficient way.
- Worked on the VideoExplanation system that generates the animation video based on the input SAT question to enable students to understand questions easier.

## Certifications

- The Machine Learning Process A-Z, 365DataScience
- Scientific Computing with Python, FreeCodeCamp
- GoogleCloudSkillBoost, Google developers CentralAsia
- Data Analysis with Python, FreeCodeCamp
- Data AnalysisTrack, Udacity

## Honours

- URBAN.TECH Hackaton, 1st place in INDUSTRY TECH
- Ideathon in 4th World Conference on Creative Economy, Honourable mention

## Skills

### Technical Skills

- Python
- ML algorithms
- Pytorch
- Keras
- Scikit-learn

### Tools

- GoogleCloud
- FastAPI
- Docker
- Git

### Languages

- English
- Russian
